

Tom,

SHOULD THE DENDRITES STAR, THE 1ST TWO HAD DULIS THEM. PRIOR TO SUCH AN
EVENTUALITY, I NOTICED:

[REDACTED] : A REDYAN:

A GOLD BOOMERANG FLICKERED INTO THE CARTESIANS (☞) FLICKERED INTO THE CARTESIANS IN FILAMENTS TWICE ON THE TABLE. ONCE IN LONG CARTSON AND ONCE IN SHORT GOLD. A JAPLING FLICKERED INTO THE CARTESIANS. WE MAY CONCLUDE:

- THE BLACK ORCHID IS OF THE OPINION THAT THE "VOID" IS NOT A VOID BUT IS A MANIFESTATION OF A MAJOR DISCONTINUUM SUBSTRATUM. WE MUST, THEREFORE, REVIEW OUR PERCEPTION OF HOW THESE BEINGS MANIFEST THEMSELVES IN THEIR NATURAL STATE AND HOW THEY REDUCE.

A ROW OF GOLD (☞) SUGGESTS A SOLUTION WITH ONE POSSIBILITY THAT THEY DO NOT REDUCE TO CARTESIANS.

(☞) : A ROW OF PEOPLE IN STRAIGHT JACKETS : SOME PEOPLE WERE TRACING THE DEVELOPMENT OF NATURAL TREASURES AND CAME ACROSS MAY BRIDGEWORK. A BLUE/GOLD HAMMOCK. BALANCE ON THE HOLOGRAMS WITH SUBSEQUENT HARD COPY.
