

Proposition 19  
Upgrade Large Scale Intelligence

- I The blue vinyl zippered notebook I used following the UCAR event:
  
- II A multiple early warning system is embedded in Triad theory which claims:  
physical measurements conformed to an anthropological fact base; interacting  
physiologies having approached homeostasis more closely than humanity; the  
ability to retroactively identify seed events which have initiated long term trends;  
and the ability to measure changes in cognitive capacity. The last step in  
development is to fit data to the environment.
  
- III A transparent Bon Ami screen acknowledged reasoning.
  
- IV An object resembling a mollusk with a black interior opened and closed the shell:  
(  ), very thin threads: An indistinct, obscured, Brazilian flag: A blue  
pincushion with red pinholes: A blue doughnut: (  ), an open rear sight: An  
adjustable wrench: A kangaroo.
