Tom,

SHOULD THE FERRIS WHEELS START, THE SGT SHOULD DISCUSS THEM. PRIOR TO SUCH AN EVENTUALITY, I NOTICED SEVERAL THIN LIGHT TRACES IN THE SKY.

7:05 AM — (°) IN UV.

11:30 AM — A TYPICAL NIGHT ON A BUSINESS TRIP. : (P) IN BLUE GREEN. : THE USUAL LIGHT TRACES IN THE SKY. : (→0) : (→0) : (C [P] 3) : (0, 0) : (PPP) : (||||) : (0/c).

2:10 AM — AN INCREDIBLY EERIE SENSATION. I WAS IN ALBERT'S VW AND IT STARTED BY ITSELF AND SEEMED TO HAVE IT'S OWN VOITION. I NOTICED A FIRE AT ONE POINT BUT EVERYTHING ELSE WAS DARK. : A DIME ON THE SIDEWALK. : A BLACK AND WHITE SOCCER BALL.

5:25 AM — I WAS (REMOVED) VISITING SOMEONES HOUSE UNDER REMODELING. (LOTTED) WHEN I LEFT THEY HAD TURNED ON THE WATER AND ALL THE PIPES WERE DRIPPING CONDENSATION. : A BLACK AND WHITE SOCCER BALL. : (0/0) : (||||).

I'LL LEAVE THE ANALYSIS TO THE SGT.
