Tom,

SHOULD THE PERMI SURFACES STIR, THE SGT SHOULD DISCUSS THEM. PRIOR TO SUCH AN EVENTUALITY, I NOTICED A DISC OR SPHERE BEHIND THE SAILING BY THE BAYSIDE LIBRARY FOLLOWED BY A LIGHT TRACE IN THE NORTHERN SKY.

1:30 AM - (D) IN DEEP PURPLE : (D) IN BLUE-WHITE : A SMALL DISTURBANCE ON THE LOWER SPIRAL OF THIS TABLET. : (O) IN NEAR UV ON A TREE : A SMALL DISTURBANCE ON THE GRASS IN THE SOUTHWEST CORNER OF THE TELSON'S LAWN : A SMALL DISTURBANCE ON THE ASPHALT OF 212TH ST. : (E) : (S) : (C) : (F), (G) IN NEAR UV.

2:25 AM - A TWINKLE OF LIGHT ON THE TREE BEHIND SHERRIDAN'S GARAGE. : (2) : A FLURRY TOO FAST TO FOLLOW. : A VERTICAL PARALLEL ARRAY OF FILAMENTS WHICH THEN MOVED WITH A SLIGHT RIDDLE. : TWO OR THREE DISCS OR SPHERES WHICH MAY HAVE BEEN PLANETS.

5:46 AM - A GROUP OF PEOPLE FINISHING REPAIRS ON SOME PIPING IN A HOUSE. : SOME PROLESS CALCULATIONS FOR A RETROCHEMICAL UNIT.

6:40 AM - A NAIL.

I'LL LEAVE THE ANALYSIS TO THE SGT.
