Tom,

SHOWED THE FERMI SURFACES SPIN, THE SGT SHOULD DISCUSS THEM. PRIOR TO SUCH AN EVENTUALITY, I NOTICED SEVERAL ELLIPSES IN THE SKY AND ALIGNMENTS SUPERIMPOSED OVER THESE WORDS. I ALSO NOTICED A NEAR UV SPOT ON THE MIDDLE HINGE ON THE WINDOW OF THE DAYSIDE LIBRARY.

2:20 AM - SOME THING BARELY REGISTERED ALTHOUGH THEY WERE CLEAR ENOUGH AT THE TIME: A SMALL DISTURBANCE ON THE RADIO SPEAKER: A FLASHPOINT OF LIGHT ON THE ASPHALT OF 212ND ST.: (O) IN NEAR UV.

3:00 AM - (A):(O): DONALD DUCK LOOKING VERY DISGUSTED RIDING A BICYCLE.

4:30 AM - LOOKING AT HOUSE DESIGNS. I LIKED THE ONE WITH A BALKONY WHICH RAN THE LENGTH OF THE ISLAND FLOOR: ONE OF THE GREEN HOUSE IN STARK RIDGE BEFORE THEY PUT IN RUNNING WATER.

5:45 AM - SOME GC'S ON MANEUVERS. DEWOP SHOWED UP: A PARKING LOT WITH A SMALL BOAT THAT SEEMED TO HAVE A WILL OF ITS OWN.

I'LL LEAVE THE ANALYSIS TO THE SGT.
