

Tom,

SHOULD THE DENARIUS LEAF, THE SYT SHOULD DISCUSS THEM. PRIOR TO SUCH AN
EVENTUALITY, I NOTICED:

A ROW OF P-51'S, SILENT DEATH: BROW DETENTION: A RED VAN:
RED GREEN PENCILS: A FULL GOLD LOCOMOTIVE IN THE SKY: SEVERAL
BON AMI (X²) AND SEVERAL RED SPHERES FLICKERED INTO THE
CONTESIONS. WE MAY CONCLUDE:

- THE SIMULTANEOUS VISUAL STIMULATION OF MULTIPLE
SPACES WITH KANGAROOS JUMPING BETWEEN THEM AND
THE THOUGHT STIMULATION OF FERTILIZER STILKS WITH
NO VISUAL EQUIVALENT HAS DEMONSTRATED SEVERAL
POINTS, I.E.

- A KIP TIME REVERSAL CONNECTION BETWEEN
A PLATFORM AND A HUMAN BRAIN
- DIFFERENTIATION BETWEEN THOUGHT/VISUAL
AND THOUGHT/CONCEPT STIMULATION CAN
PRODUCE THE SAME NET EFFECT.
- THE CAPABILITIES OF THE BEINGS INHABITING
THE PLATFORMS TO TRACK THE METABOLIC AND/
OR COGNITIVE TRANSMITTERS OF INDIVIDUAL
HOMO SAPIENS AND RELATED SPECIES.
- HOMO SAPIENS AND RELATED SPECIES DO NOT UNDER-
STAND THE RELATIONSHIP BETWEEN THE COGNITIVE
AND METABOLIC SEGMENTS OF THEMSELVES.
- THE BEINGS BEHIND THE UNIVERSES HAVE THE
ABILITY TO ADJUST BOTH THEIR METABOLISM AND
COGNITION TO VIRTUALLY ANY TARGET.

A ROW OF (8) VALIDATED NOT ONLY THIS CONCLUSION BUT
ALSO REQUIRES REFINEMENT OF HOMO SAPIENS AND
RELATED SPECIES (6) THROUGH (10) WHICH MAKES NO
MENTION OF CORRESPONDING EFFORT. BALANCE ON
THE HOLOGRAMS WITH SUBSEQUENT HAND LON.

YOU SHOULD EVALUATE THIS.

VAN KATE
