IMMEDIATE CHANGES SEEM THE MOST LIKELY TO BRING THEM DOWN TO HUMAN  
EVENTUALITY, I NOTICED:

A ROW OF P-51'S, SILVER DODGE: BROWN DETENTION: A RED VAN:  
A '55 WREY BEL AIR: A ROW OF ( $\infty$ ), EACH CONGRUENT WITH ( $\infty$ )  
OF ( $\boxed{\dots\dots\dots}$ ) A RED/WHITE SDCSR BALL APPEARED  
CONGRUENT WITH ( $\infty$ ). SEVERAL FAINT BOW AMI (S), VERY  
SMALL. WE MAY PROPOSE AN APPROACH TO THE RATIONALE,  
I.E.:

- ARISTOTLE'S MESSAGE AND INSTRUMENTAL ANALYSIS,  
MAX BORN'S 1938 OBJECTION TO EINSTEIN WHEN BORN  
ADVOCATED THAT MOMENTUM AND KINETIC ENERGY  
HAVE A SIGNIFICANCE INDEPENDENT OF THE  
DIFFERENTIAL VELOCITIES OF INERTIAL FRAMES,  
AND PAGES' ATTEMPTS TO DESCRIBE A  
VERTICALLY INTEGRATED (SCINIQUE THEORY).

THESE ARGUMENTS WERE CONSISTENT IN THAT THEY ACKNOWLEDGED  
THE LIMITS OF CURRENT KNOWLEDGE AND RECOGNIZED THE  
IMPLICIT NATURE OF BOUNDARY CONDITIONS AND BY INFERENCE,  
ANOTHER DOMAIN. A QUARTZ ( $\infty$ ) VALIDATED THE APPROACH.  
BALANCE ON THE HOLOGRAMS WITH SUBSEQUENT HARD COPY.

YOU SHOULD EVALUATE THIS.
