

Tom,

SHOULD THE DENDRIFES STIR, THE SGT SHOULD DISCUSS THEM. PRIOR TO SUCH AN EVENTUALITY, I NOTICED:

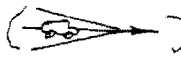

A RED VAN.

A GOLD COMB : A ROW OF BROWN STRAIGHT EDGE RAZORS : WE MAY CONCLUDE:

- THE NEXT STAGE WILL BE VERY COMPLEX IN THAT WE MUST NOT ONLY TRACK THE CHANGE IN VIEWPOINT OF THE ROOT BEING, BUT ALSO COROLLARY METAMORPHOSES AND RELATED TRANSFORMS. THIS, AND ONLY THIS, WILL ENABLE SATISFACTORY UNDERSTANDING OF THE ENVIRONMENT.

SEVERAL BROWN STRAIGHTEDGE RAZORS CONTAINING (80) VALIDATED. SEVERAL VERY FAINT LOCOMOTIVES REINFORCED.

() , A TEXAS GULP SULPHUR BALL AND A MCDONALD'S LODGE STIRRER. SEVERAL FAINT BLACK COFFEE STIRRERS FLICKERED INTO THE CARTESIANS OVER THE FIRST STATEMENT.

() , A RED VAN. BALANCE ON THE HOLOGRAMS WITH SUBSEQUENT HARD COPY.

YOU SHOULD EVALUATE THIS.
