Tom,

SHOULD THE FERMI SURFACES STAY, THE SGT SHOULD DISCUSS THEM. PRIOR TO SUCH AN EVENTUALITY, I NOTICED A SHORT LIGHT TRACE IN THE NORTHEAST SKY AND A SMALL DISTURBANCE ON THE COPPER SPIRAL OF THIS TABLET. I ALSO NOTICED A RED SPOT ON A GREEN VAN TURNING THE CORNER FROM NORTHERN BLVD ON TO BELL BLVD.

12:15 AM - ONE ABOUT THREADING A MANDRELAMENT LINE AROUND A WOODEN ROD FROM A WINDOW SHADE. ALSO ONE ABOUT GOING FOR A SAIL. CONDITIONS WERE POOR. ATE AHEAD IN A MOTEL. THE PLACE WAS POOR.

IT MIGHT BE POSSIBLE TO REFINER THE THEORY BASED ON THE STAR $\left(\begin{smallmatrix} 2 \\ 2 \end{smallmatrix}\right)$ USING THE RELATIONSHIP $\dot{g}(t) = g(-t)$ AND DEVELOP THAT LINE OF REASONING.

12:50 AM - A SENSE OF A SHRUG: $\left(\begin{smallmatrix} \curvearrowright \\ \cdot \end{smallmatrix}\right)$, (\cdot) IN ORANGE: $\left(\begin{smallmatrix} \circ \\ \cdot \end{smallmatrix}\right)$ IN NEUTRAL LIGHT: A RAISED EYEBROW: $\left(\begin{smallmatrix} \cup \\ \cdot \end{smallmatrix}\right)$ IN LIGHT ORANGE, RESEMBLING PLANETS: (\cdot) , (\cdot) IN BLUE WHITE: $\left(\begin{smallmatrix} \odot \\ \cdot \end{smallmatrix}\right)$.

4:30 AM - ONE INVOLVING J.C. MALONE AND SOME REDHEADED GRANDCHILDREN: THERE WAS ONE RESEMBLING AN OFFICE AT 270 PARK: $\left(\begin{smallmatrix} \mathcal{O} \\ \cdot \end{smallmatrix}\right)$, (\cdot) IN BLUE WHITE: A VAN: WENT WITH JIM CHAMBERLY TO MANHATTAN WAS ON A CRUTCH AND MY LEFT FOOT WAS BAREFOOT. LOOKED FOR SOME SOCKS IN A SIDEWALK SHOP: $\left(\begin{smallmatrix} \mathcal{O} \\ \cdot \end{smallmatrix}\right)$ IN THE SOUTHWEST SKY.

6:05 AM - $\left(\begin{smallmatrix} \mathcal{O} \\ \cdot \end{smallmatrix}\right)$: (\cdot) .

I'LL LEAVE THE ANALYSIS TO THE SGT.
