Dear Mr. Koster:

This is in response to your Freedom of Information and Privacy Act (FOI/PA) request postmarked 13 May 1986 for all information pertaining to you.

As required by the PA, we have searched all appropriate name retrievable files maintained by this Agency and we are unable to locate any files maintained under your name. There is no charge for this search.

If you also want us to conduct, pursuant to the FOIA, an Agency-wide search for any reference to your name, we estimate that manpower and computer costs for such a search will be approximately \$250.00.

You should be aware that, in our opinion, based on our knowledge of and experience with this Agency's foreign intelligence mission and filing system, it is unlikely that any records responsive to your request would be discovered during an Agency-wide search. If any such records did exist, they would most likely be classified or otherwise exempt from release in accordance with the exemption provisions of the Freedom of Information and Privacy Acts. The application of these exemptions to NSA information has been approved consistently by the Federal Judiciary.

If you desire an Agency-wide search for any reference to your name, we will conduct a search upon receipt of a certified check or money order, made payable to the Treasurer of the United States, for \$125.00 which is one-half of the estimated cost. After this search has been completed, we will inform you of the actual cost of the search. The balance will be required prior to notification of the results of the search.

Sincerely,

J. C. SHARP  
Deputy Chief  
Information Policy
