

Proposition 36  
Improve “Trickle Up” Capabilities

- I A row of red L.L. Bean beanies:
  
- II If SLENs driven by diverse core industries are to become a meaningful stabilizing factor in a shift to a “trickle up” economy, a pioneering coordination is mandatory.<sup>1</sup> A pilot program in Manhattan is not an unreasonable point support in developing proposition 24.<sup>2</sup>
  
- III Red and green Chuckle candies on the desk validated potential.
  
- IV A long haired dog looked up from something he was occupied with on the ground: A fuzzy sphere: A white truck moving too fast in a left hand turn.
