

Tom,

THE STIPS IN THE 2-14-94 AM MEMO CONTAIN A WEALTH OF MATERIAL.  
I MIGHT COMMENT ON THE SIGNIFICANCE OF A FEW POINTS:

- $(\text{☿})$  MAY SIGNIFY GENERAL APPROVAL OF THE MANAGEMENT TECHNIQUES AND ORGANIZATIONAL OBJECTIVES OF THE SST.
- $(\text{♁})$  AND  $(\text{♁})$  COULD BE INTERPRETED AS APPROVAL OF EARTH AS ONE OF THE CENTERS OF MANKINDS DEVELOPMENT IN THE UNIVERSE.
- $(\text{♁})$  MAY SUGGEST SERIOUS DISCUSSION OF THE NOTION OF EPICENTERS.
- $(\text{♁})$  STRONGLY SUGGESTS PLANET DRIVE DEVELOPMENT AS A PRIORITY ITEM.

THE BALANCE, APART FROM THE REFERENCE TO THE LEGAL PROCEEDINGS, APPEAR TO SUGGEST CONTINUATION OF RESEARCH AND DEVELOPMENT OF PROPRIETARY APPLICATIONS GENERALLY ALONG THE CURRENT LINES. OF PARTICULAR NOTE ARE THE SUGGESTIONS THAT:

- A FEASIBILITY STUDY FOR A VIABLE ALTERNATIVE FOR CONVENTIONAL LONG RANGE AIRLINE TRAVEL IS ADVISABLE.
- DEVELOPMENT OF A UNIVERSE WIDE MILITARY ORGANIZATION IS DESIRABLE. THIS WOULD PROBABLY INCLUDE INTELLIGENCE.

YOU MAY FIND MORE MATERIAL TO DISCUSS, BUT THESE ARE THE ITEMS THAT CAUGHT MY ATTENTION.

UNLESS THE SCALE OF OPPORTUNITIES BEFORE US, I URGE THE SGT TO END  
THE EARLY OF THESE LEGAL PROCEEDINGS WITH OPERATION SHARK ELIMINATION
