

Tom,

SHOULD THE DENDRITES STOP, THE SGT SHOULD DISCUSS THEM. PRIOR TO SUN
AN EVENTUALITY, I NOTICED:

A RED VAN:

A TROW OF MY J.C. PENNEY BLUE SWEATSHIRTS, ONE OF WHICH
ROSE INTO THE SKY. A RADIO MAST WITH A DISCONNECTED
DISH, FOLLOWED BY SEVERAL FAINT DISHES, POSSIBLY REPEATERS,
THEN BY A VERY LARGE BLACK DISH UNDER WHICH APPEARED
ANOTHER RADIO MAST. WE MAY CONCLUDE:

- THE BLACK ORCHID HAS FOUND THE TECHNIQUE
SUFFICIENTLY RELIABLE TO ESTABLISH A
FORMAL NETWORK OF COMMUNICATIONS DEVICES
CONSISTENT WITH THE REVISIONS MADE TO THE
12-26-96 PMA SPECIFICATIONS.

A BLACK DISH ROSE INTO THE SKY, VALIDATING. SEVERAL GOLD
DISHES FLICKERED INTO THE SKY, REINFORCING. BALANCE ON
THE HOLOGRAMS WITH SUBSEQUENT HARD COPY.

You SHOULD EVALUATE THIS.

Paul Koster
