

Tom,

SHOULD THE DENDRITES START THE SET POINTS DISCUSS THEM PRIOR TO SUCH AN EVALUATION, I HOPE SO.

A REVIEW P. 511, SILENT DENDRITES: BRANK DETENTION: A TROOPAN: BLACK POWDER DRIFFED UP: "MINISCALE" OVER "INSUFFICIENT" IN THE 7-22-98 PM MEMORANDUM: WE MAY CONCLUDE:

THE BLACK ORCHID IS OF THE OPINION THAT THE PROGRAM PARAMETERS ARE GENERALLY CORRECT BUT SHOULD BE REFINED AND EXTENDED.

A ROW OF VERY FAINT, GOLD DUFFELS APPEARED IN THE SKY, VALIDATING.

(7): BALANCE ON THE MICROGRAPHS WITH SUBSEQUENT HARD COPY.

WILL INWARD EVALUATE THIS.

Paul Koster
