

Tom,

Should the deliveries start, the CE should discuss them. Please to use an
eventuality, I noticed:

A RED VAN:

A SHARD DUBLICATE OF THE POET WASHINGTON MOBILE FOLLOWED
BY SEVERAL NATURAL ONES: A ROW OF BON APOI DOUBLE EDGE
RAZOR BLADES: THE L.L. BEAN MOOSE CATALOG: A FAINT BON APOI
RELAY AND GRAY AVIATION SUNGLASSES: (🚲), BLACK, ALLENDED.
WE MAY CONCLUDE:

- THE BLACK ORCHID HAS SPECIFIED THE RELAY/OBSERVATION
STATION IN ITS STRATUM GENERALLY ALONG THE LINES OF
THE POET WASHINGTON LIBRARY. THE OBJECT APPEARS
TO BE THAT THE MEMBERS OF HOMO SAPIENS AND RELATED
SPECIES PRIVILEGED TO USE IT NOT ONLY VISIBLY BUT ALSO
CONTINUE THEIR EDUCATION. THIS IMPLIES THE EXISTENCE
OF RELEVANT PRINTED REFERENCE MATERIAL.

A BLACK ORCHID FLICKERED INTO THE CARTESIAN'S IN THE CENTER OF
(🌀) VALIDATING BALANCE ON THE HOLOGRAMS WITH SUBSEQUENT
HARD COPY.

YOU SHOULD EVALUATE THIS.

Paul Koster
